

# iWear<sup>®</sup> AV310 Widescreen Video Eyewear

[www.vuzix.com](http://www.vuzix.com)

**Connects to any video device and delivers a 16:9 widescreen virtual display equivalent to a 52-inch screen viewed from 9 feet.**

Watch your favorite 2D and 3D movies and play video games in the privacy of your own 16:9 widescreen virtual movie theater.

**Plug and play!**

The AV310 Widescreen is a wearable display that transforms your small portable video player into a large private, 16:9, 52" virtual home theater. Worn like regular glasses, the AV310 Widescreen displays both 2D and 3D video in 4:3 and 16:9 screen formats and includes separate focus adjustments for each eye and removable high-quality stereo earphones. A single removable AA battery affords up to 11 hours of viewing enjoyment.

# iWear® AV310 Widescreen Video Eyewear
